Dear Mr. McDonald:

The Division of Water Resources (division) acknowledges receipt of a certified Notice of Termination on 27-OCT-15. This form was submitted according to Section 8.1.1 of the General NPDES Permit for Discharges of Storm Water Associated with Construction Activities (TNR100000), which requires the operator to submit written certification that a site, or portion of a site, has been finally stabilized and all storm water discharges associated from the construction activities that were authorized are eliminated.

Mark Webster TDEC-Water Resources inspected the site on October 28, 2015, and determined that the site qualified for termination of coverage. If you have questions, please contact the division at your local Environmental Field Office at 1-888-891-TDEC; or, Mark Webster at (615)735-3785 or by E-mail at Mark.Webster@tn.gov.

Sincerely,

Johnny K. Walker
Environmental Program Manager
